I. Onboarding Guide for a Founder (i.e. Innovative Firm)

This user manual provides a step-by-step guide to help new users representing innovative firms (such as Startups, High Growth Firms, R&D Facilities, Small and Medium Enterprises, and Multinational Corporations) complete the onboarding process smoothly. Each section explains the purpose of the step, the actions required, and examples to make the process clear and easy to follow.

1.1. Sign up

To begin using the platform, every new user is required to create an account through the sign-up process. On the registration page, you will be asked to provide your first name, last name, phone number, and email address. These details are important as they help identify you within the system and allow the platform to send you important notifications. You will also be required to create a secure password. It is recommended to choose a strong password that combines letters, numbers, and special characters to ensure your account remains protected. Once all the information is filled in, you can also upload profile image directly, click on the “Create Account” button. If the information is valid, your account will be successfully created.

The screenshot shows the 'Sign up' page for Innovate Rwanda. The page has a dark blue header with the Innovate Rwanda logo. Below the header, the title 'Sign up' is followed by the subtitle 'Join our big community'. The form consists of several input fields: 'First Name' and 'Last Name' (both with placeholder text 'Enter your name'), 'Phone Number' (placeholder 'Enter your phone number'), and 'Email' (placeholder 'oedrickhakuzimana75@gmail.com'). There are also fields for 'Password' and 'Confirm Password' (placeholder 'Confirm password'). Below these fields is an 'Upload Profile Image' section with a placeholder image and an 'Upload' button. At the bottom of the form is a large blue 'Get started' button. Below this button is a link 'or continue with' followed by a 'Continue with Google' button.

1.2. User sign in

After completing the sign-up process, you can access your account through the sign-in page. To log in, simply enter the email address and password you registered with, and then click the “Login” button. If the credentials are correct, the system will grant you access to your dashboard. In case you forget your password, there is a “Forgot Password?” option that allows you to reset it by following simple recovery steps.

1.3. Set personal preferences

In this step, you will configure your personal preferences to customize your experience. You can adjust language settings and time zone.

The screenshot shows the 'Set personal preferences' step. On the left is a sidebar with the 'INNOVATE RWANDA' logo at the top. Below it are two menu items: 'Personal Preferences' (with a gear icon and the text 'Set your language and timezone.') and 'Choose Role' (with a person icon and the text 'How you'll use InnovateRwanda.'). The main content area has a '← Back' button at the top left. The heading is 'Let's get started' with the subtitle 'Let's personalize your experience'. There are two form fields: 'Choose Your Language*' with a dropdown menu showing 'Select a language', and 'Set time zone*' with a text input field. At the bottom is a large blue 'Continue' button. The footer contains '© InnovateRW 2025' and 'help@innovate.rw'.

1.4. Choose a role in ecosystem

Next, you will select your role in the ecosystem. This choice determines the features and access levels available to you.

The screenshot shows the 'Choose a role in ecosystem' step. The sidebar on the left is identical to the previous step, but the 'Choose Role' item is now highlighted with a blue person icon. The main content area has a '← Back' button at the top left. The heading is 'Choose your role in the ecosystem' with the subtitle 'Help us tailor your dashboard'. Below the heading is the label 'Choose role'. There are six radio button options arranged in two columns: 'user', 'founder', 'investor', 'enabler', 'leader', and 'researcher', with an 'other' text input field at the bottom left. At the bottom is a large blue 'Continue' button. The footer contains '© InnovateRW 2025' and 'help@innovate.rw'.

1.5. Choose your role in the company

Next, you will select your role in the company

The screenshot shows the 'Choose Role' step of the Innovate Rwanda onboarding process. On the left is a vertical sidebar with five steps: 'Personal Preferences' (Set your language and timezone), 'Choose Role' (How you'll use InnovateRwanda), 'Company Role' (Select your role in the company), 'Claim Company' (Search Your Company and Claim Ownership), and 'Verify Ownership' (Search or verify ownership to proceed). The 'Company Role' step is highlighted in blue. The main content area has a 'Back' button at the top left. Below it is the heading 'What is your role in your company?' with the subtext 'Help us tailor your dashboard'. Under the heading is the label 'Choose role'. There are six radio button options arranged in two columns: 'CEO/Owner/Founder' (selected), 'Co-Founder', 'CTO', 'CFO', 'COO', 'Director', 'Manager', and 'Other'. At the bottom is a blue 'Continue' button.

1.6. Claim company ownership

Once your role is defined, you can claim company ownership by using the search option and then clicking the “claim company” button.

The screenshot shows the 'Search Your Company' step of the Innovate Rwanda onboarding process. The sidebar on the left is identical to the previous step, with 'Claim Company' highlighted in blue. The main content area has a 'Back' button at the top left. Below it is the heading 'Search Your Company'. There is a search input field with the placeholder text 'Search company...'. Below the input field is a search result card for 'Techclick SME' with a circular icon containing the letters 'TE'. At the bottom is a blue 'Claim Company' button.

1.7. Verify company ownership

The final step in onboarding is to verify company ownership. There are two options for verification. Option one is uploading official registration documents such as a business license or

certificate of incorporation. Option two is verifying using your company domain name, for example, by confirming an email address ending with '@yourcompany.com'. This verification is a critical step that ensures the security of your data and prevents unauthorized access to company information.

II. Profile Management Guide for a Founder (i.e. Innovative Firm) Profile

This guide provides step-by-step instructions for managing your user profile, including editing personal details, updating settings, and securing your account. The following sections describe the key features of the system, accompanied by screenshots to assist you.

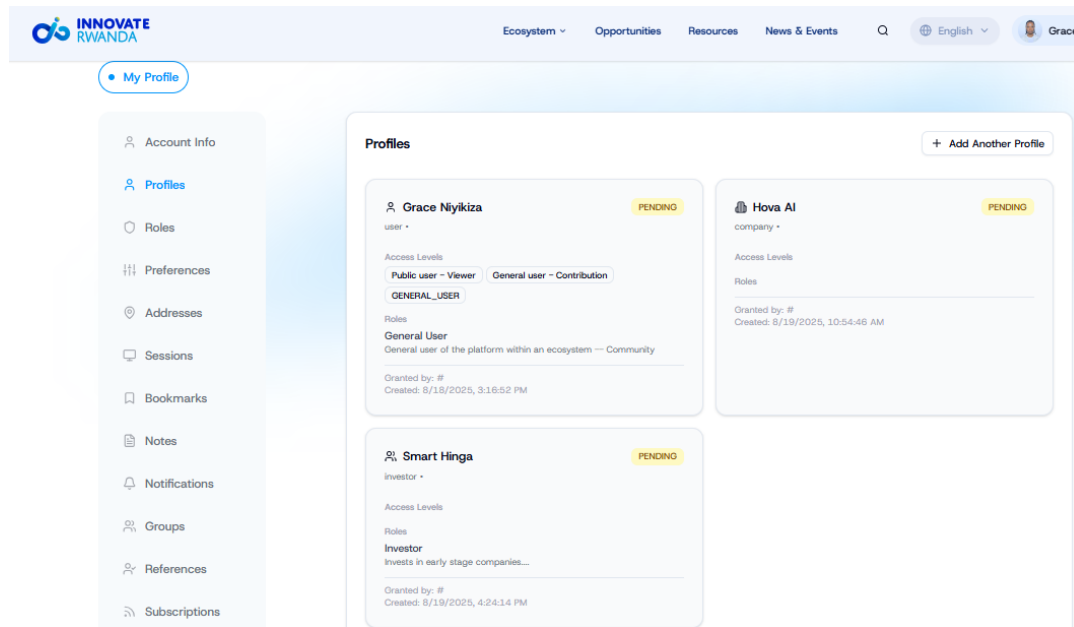

2.1. Account info

This section allows the user to view and manage their personal details such as username, email address, and contact information. From here, users can update their account information to ensure that their profile is always accurate and up to date.

2.2. Profiles

The Profiles section allows users to manage their personal and organizational identities within the platform. Each profile represents a role the user may hold, such as an individual user, investor, or company,.... Profiles also include Access Levels, Roles, and their status (e.g., Pending).

2.3. Roles

In the **Roles** section, users can see the specific roles assigned to their account. Roles determine the level of access and permissions within the system.

2.5. Addresses

The **Addresses** section lets users add, update, or remove their physical addresses. This may be used for verification purposes, depending on the platform's requirements.

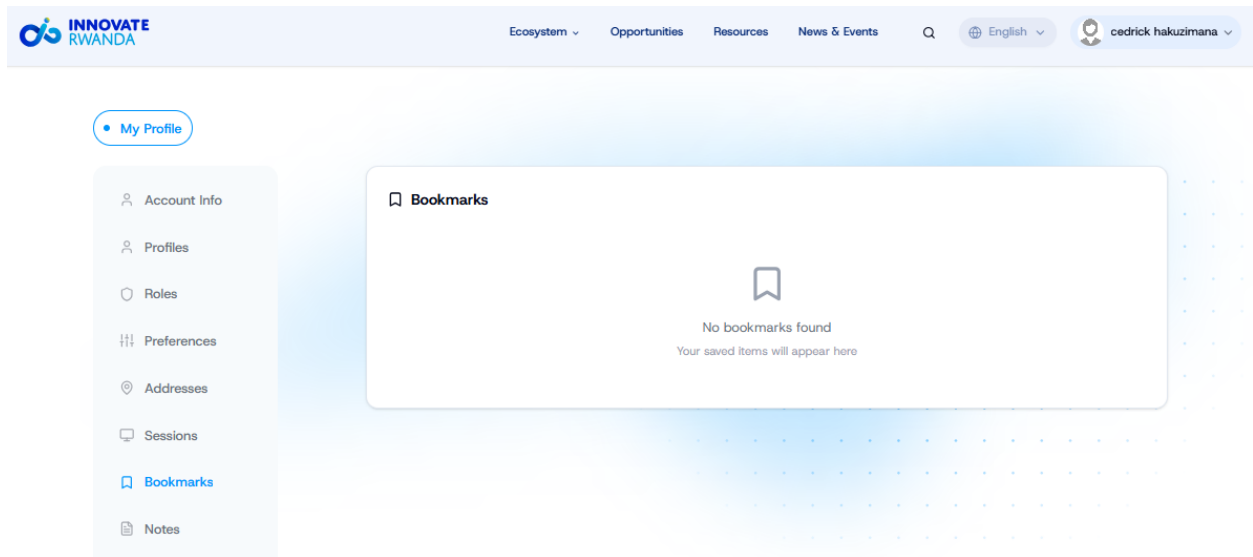

2.6. Sessions

The **Sessions** section shows all the active sessions of the user account. This includes details like login times, locations, and devices. Users can monitor and manage their sessions to enhance security by logging out of unwanted devices.

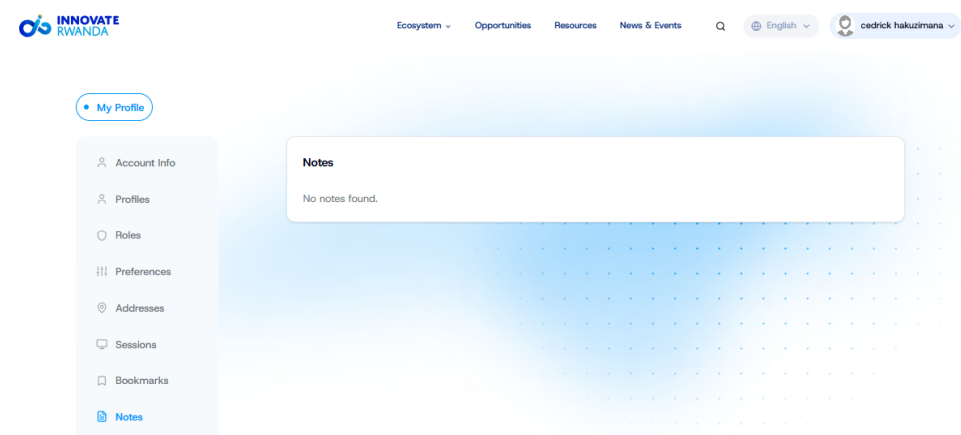

2.7. Bookmarks

The **Bookmarks** section helps users save important items or frequently used pages within the system. This feature allows quick access to saved information without needing to search for it again.

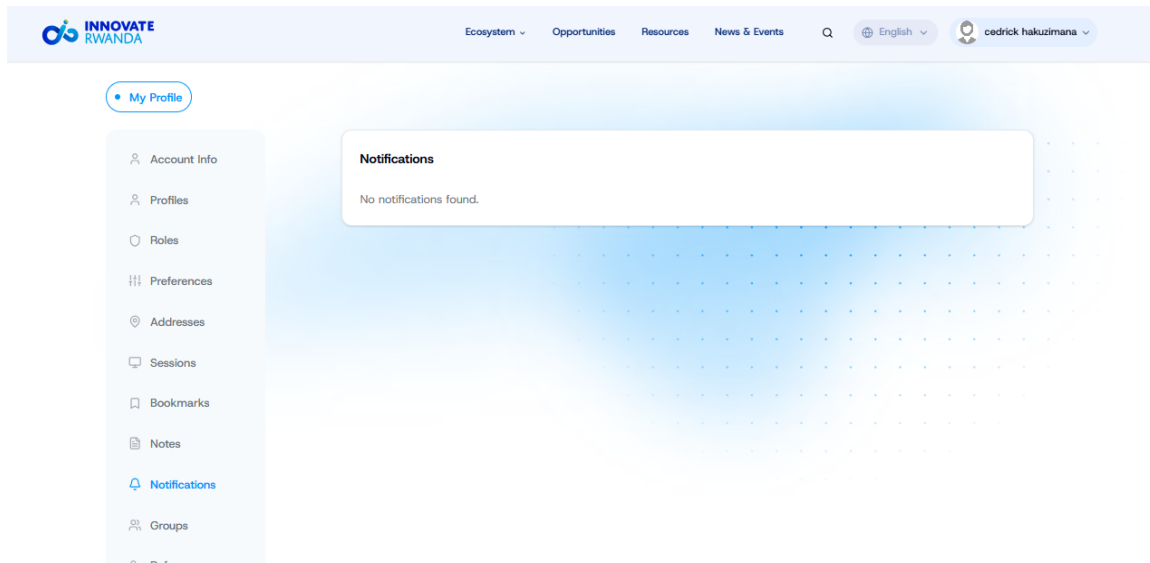

2.8. Notes

In the **Notes** section, users can create and manage personal notes. This feature is useful for storing reminders, quick references, or important details directly within the platform.

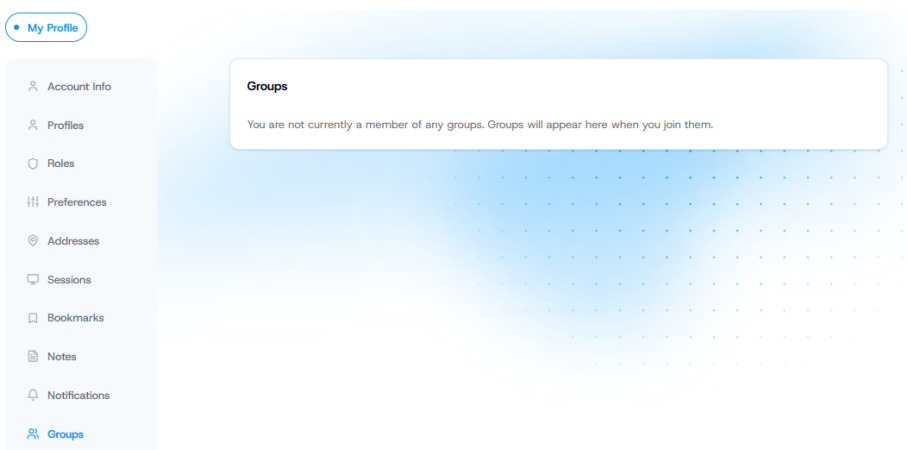

2.9. Notifications

The **Notifications** section displays all system alerts and updates relevant to the user. These may include reminders, account updates, or activity alerts. Users can review and manage notifications from this section.

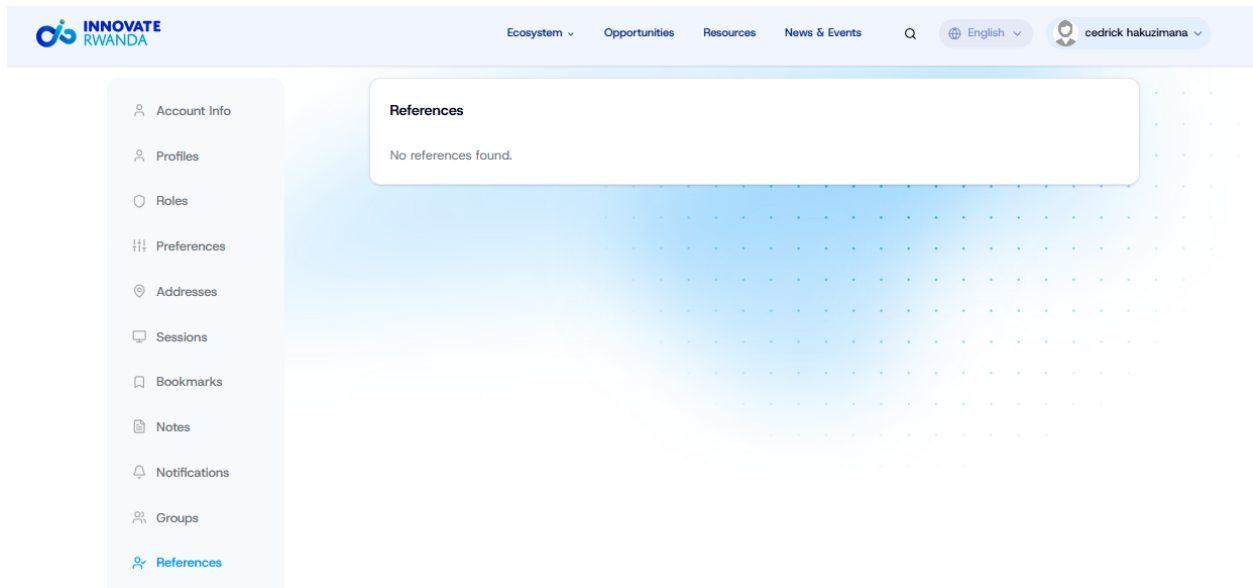

2.10. Groups

The **Groups** section allows users to join or manage groups within the system. Same Roles are managed within groups !

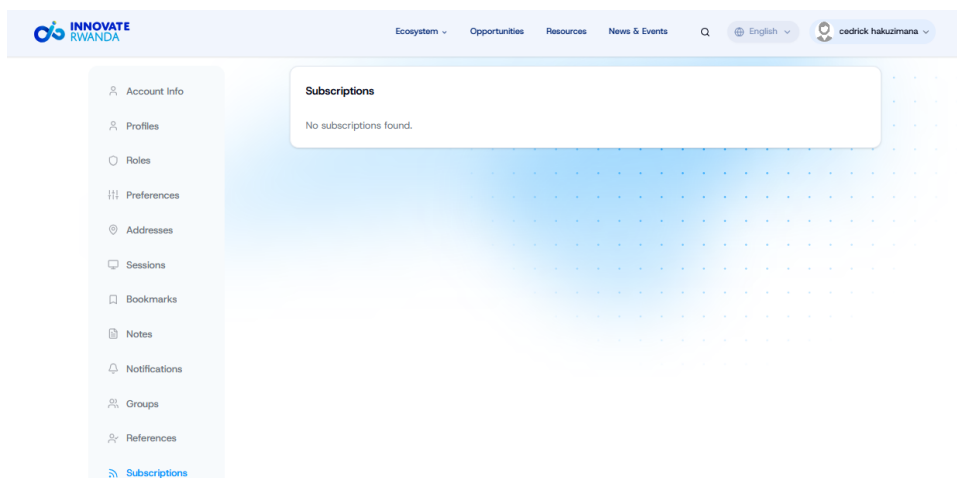

2.11. References

The **References** section stores reference information connected to the user account. This may include documents, links, or data that serve as supporting materials for the user's activities.

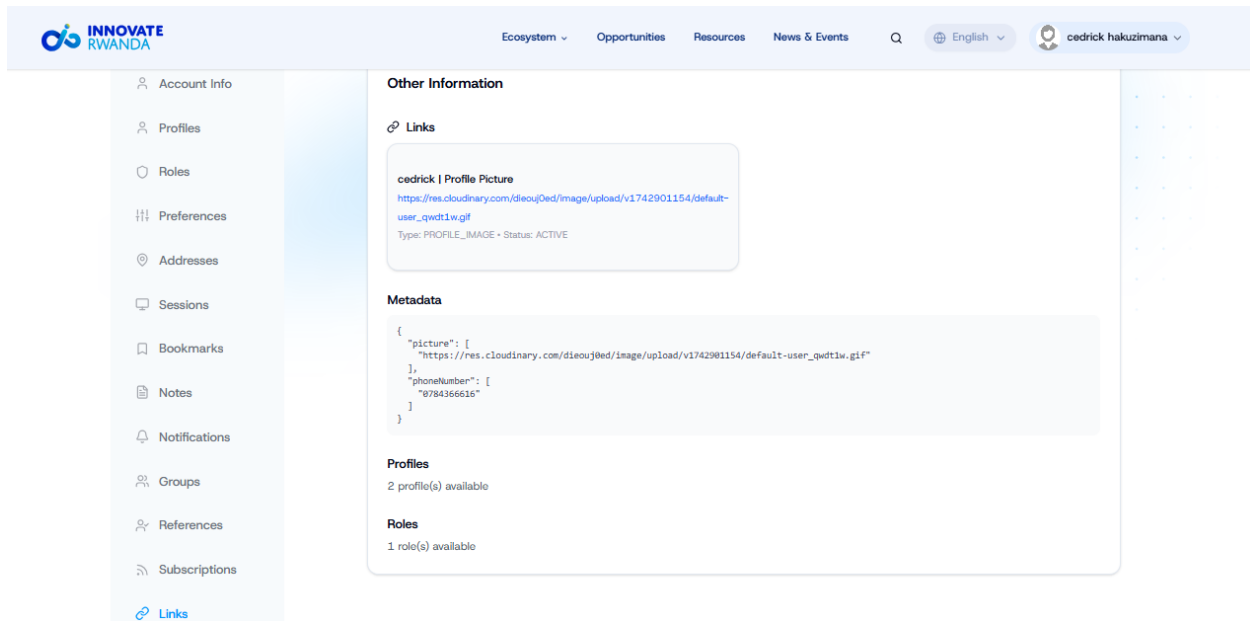

2.12. Subscriptions

In the **Subscriptions** section, users can manage the services or features they are subscribed to. They can view active subscriptions, check billing details,

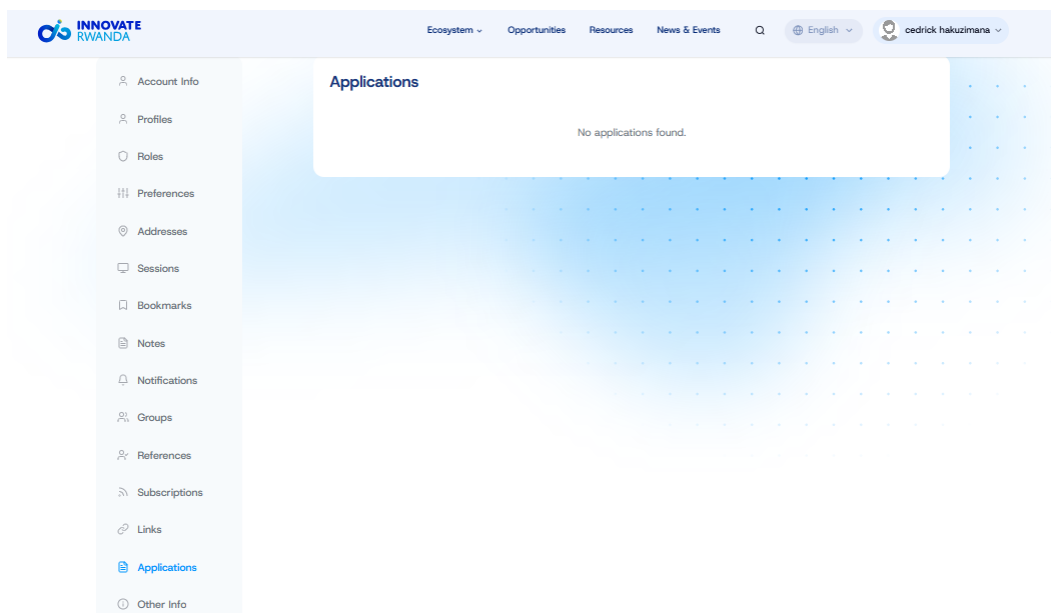

2.13. Links

The **Links** section allows users to store and manage useful links related to their account or system activities. This ensures easy access to frequently visited external or internal resources can be document links, profile,....

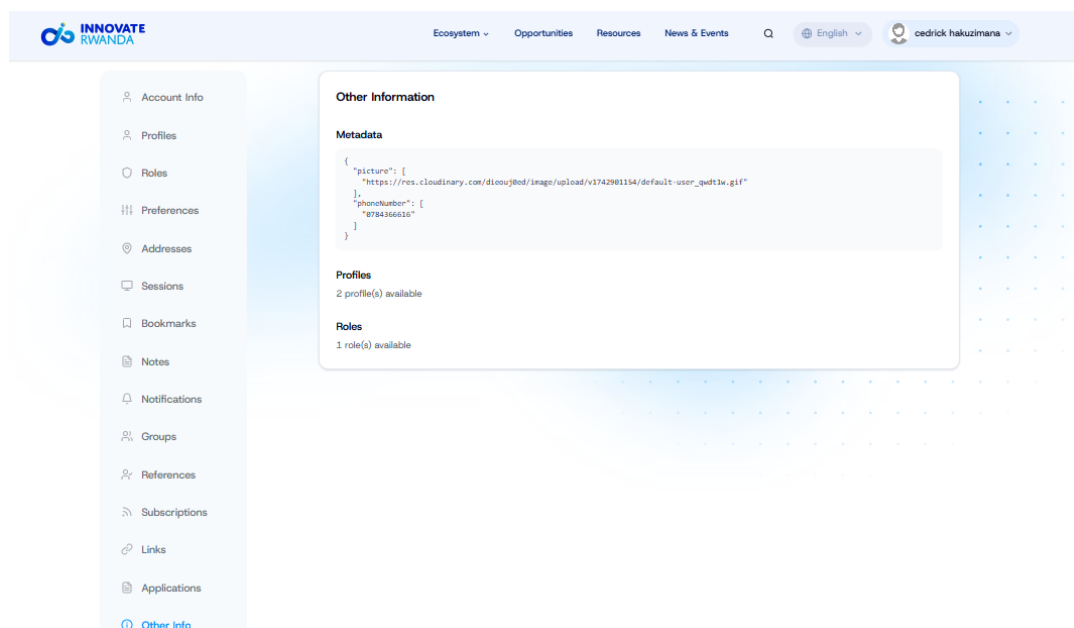

2.14. Applications

The **Applications** section displays all applications connected to the user account. Like events, opportunities,...

2.15. Other Info

The **Other Info** section contains additional account-related details that do not fall under the above categories. It may include optional data, extended account settings, or system-specific information.

III. Dashboard Guide for an Innovative Firm

On the sidebar menu, under the **Company** section, you can view all the companies that have been assigned to you. If you wish to make changes to a company's details, click on the **Edit** icon. This will open a new page where you can update the company information step by step.

The second step focuses on the **business information** of the company. In this section, you can update details such as the legal status, category, business model, industry sector, growth stage, and operational status. After making the necessary modifications, click **Next** to continue to the final step.

The screenshot shows the 'Business information' step of the 'Edit Company' process. On the left, a sidebar lists three steps: 'Basic Information' (checked), 'Business information' (active, highlighted in dark blue), and 'Media' (checked). The main content area is titled 'Business information' with the subtitle 'Define company structure and industry.' It contains several form fields: 'Legal Status' with a dropdown set to 'Limited Company'; 'Category' with a dropdown set to 'Small & Medium Enterprise'; 'Business Model *' with a dropdown set to 'Business to Business' and a close icon; 'Industry Sectors *' with a dropdown set to 'Technical Consulting Services' and a close icon; 'Growth Stage' with a dropdown set to 'Early Stage'; and 'Operational Status' with a dropdown set to 'Active'. At the top right are 'Preview' and 'Cancel' buttons. At the bottom are 'Previous' and 'Next' buttons.

The last step involves editing the **media information**, specifically the company's profile image. You can upload a new image either by dragging and dropping the file into the upload area or by clicking the **Browse** button to select a file from your device. Once the file is selected, click the **Upload** icon. A progress bar will appear, showing the upload status up to 100%. When the upload is complete, you will receive a confirmation message indicating that the file was successfully uploaded.

The screenshot shows the 'Media' step of the 'Edit Company' process. On the left, the sidebar shows 'Basic Information' (checked), 'Business information' (checked), and 'Media' (active, highlighted in dark blue). The main content area is titled 'Media' with the subtitle 'Add company logo.' It includes a 'Company Logo URL' section with a placeholder image and two buttons: 'File Upload' and 'Use URL'. Below this is a large dashed box for dragging and dropping an image, with a 'click to browse' link. At the bottom, there is a 'Previous' button and an 'Update Company' button.
